Takumi : I want to study in the U.S. someday. Keigo, are you interested in studying abroad?

Keigo : Yes, very much.

Takumi : How about you, Ami?

Ami : Me, too.

Ms. Burke : I'm very happy to hear your answers. Takumi, why do you want to study in the U.S.?

Takumi : I want to study English more. Of course, I can speak English in places like here, but in most places, I speak only Japanese. So, I need an environment that *forces me to speak English.

Ms. Burke : I see. Keigo, what's your reason?

Keigo : I want to meet a lot of people in other countries!

Ms. Burke : Wonderful! Ami, why do you want to study abroad?

Ami : I want to learn about different cultures by visiting different countries.

Ms. Burke : OK. Do you know which countries are famous among Japanese university students? Today, we want to think about them. Look. I found a graph on the internet.

Takumi : Oh, the country I want to visit is second. I thought it was the most popular one.

Ms. Burke : Yes, you're right. *Canada is the most popular country. Do you know something about Canada, Keigo?

Keigo : Yes. In areas like *Quebec, people speak *French, right?

Ms. Burke : That's right. As you learned in world history, Quebec was a French colony. Because of that, most people in Quebec speak French today.

Ami : Oh, I see. I often read **Anne of Green Gables*, so I want to visit Canada and go to *Prince Edward Island. It's an important place in the book.

Takumi : The third country is Australia.

Ms. Burke : Yes, it is.

Keigo : Australia is also a nice country. I love cute animals (ア) koalas, so I'd like to see them.

Ami : Me, too. When I went to the zoo, I saw koalas. They were so cute! Now, I'd like to see them in Australia.

Ms. Burke : I went there once and visited the *Sydney Opera House.

Ami : I thought the fourth country was the U.K., but it's the Philippines. Why is it so popular?

Ms. Burke : Because it was a colony of the U.S. So, many people there can speak English.

Takumi : Also, it is near Japan.

Ami : I see. According to my friend, there's an English teacher from the Philippines at her school. She learns English from her.

Keigo : Really? That's interesting.

Takumi : We can enjoy *sightseeing there, too, right? Cebu is very famous.

Ms. Burke : Yes, that's true.

Keigo : How about the U.K.? Are you interested in something in that country, Ami?

Ami : Yes, of course! I want to visit the *Tower of London.

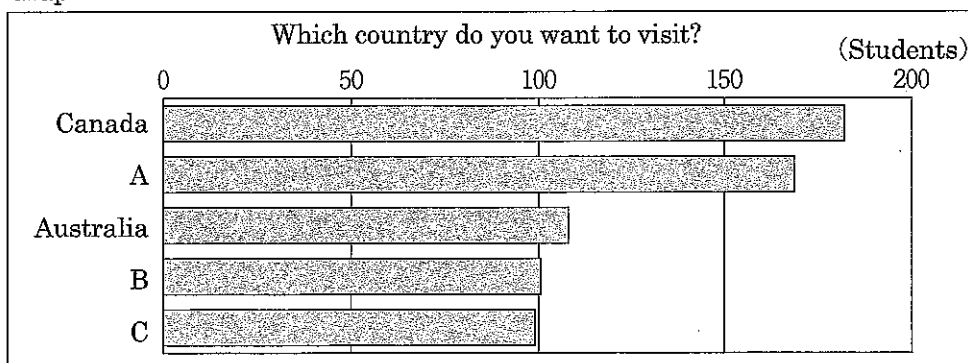

Ms. Burke : It was once used as a *jail, so it's a little scary.

Ami : I know. But since I read Natsume Soseki's **Tower of London*, I've wanted to go there.

Takumi : All of the countries seem interesting!
